

## **Oconto County Opioid Abatement Ad-Hoc Steering Committee** **Opioid Remediation Grants**

Opioid use has created a burden on many functions of county government including law enforcement, human services, courts, and the medical examiner. The harm caused by Opioid use to communities, individuals and families is well documented. Oconto County joined other units of government in Wisconsin and other states in holding opioid manufacturers, distributors and retailers accountable for their role in the Opioid crisis. A number of settlements have already been reached with manufacturers and distributors. Oconto County began receiving settlement payments in 2022 and those payment are projected to continue through 2038. A committee was established to oversee the use of these settlement funds.
